February – Mid March 2008

PRESIDENT'S COLUMN

January was an exciting month at the BCSC. We were fortunate enough to host the MUCC district meeting on the 13th. MUCC's Executive Director Dennis Muchmore was in attendance and discussed the recent DNR funding issue along with many other interesting topics regarding MUCC. Also in attendance was Senator Ron Jelinek to show support of BCSC, SW Michigan outdoorsman, and the MUCC. Senator Jelinek offered time to answer any question from the floor. We were honored to have him stop by the club. Finally, I would like to thank all the BCSC volunteers that made this event a huge success.

Karen Brumbelow has decided to step down and resign her PR chair. Karen does a lot for the club, but feels it is time to step aside and let someone try his/her hand at PR. If anyone is interested in taking over this chair, please let me know. Until then, the executive board will try to keep the BCSC's Public Relations Communications flowing. On behalf of the BCSC Executive Board, thank you Karen for all your hard work.

We are still looking for young club members under 15 years of age to become BCSC's first ever youth executive board. If you have a son or daughter that may be interested, please email me or give me a call. We hope to have elections at the April membership meeting. The Executive Board, along with the Board of Directors will have the opportunity to vote for this new board. I am planning on having this board take an active role

in planning youth activities, including having their own budget to manage, and being the youth members voice in what they would like to see at the club. Nothing is more important than teaching our youth the importance of the outdoors, and how to be responsible sportsmen/women. There is no better place to teach the next generation these values than the BCSC.

Finally, please check your calendars for the upcoming months...we have a lot of events scheduled and would love to see all members come out and enjoy them. If there is an event that sounds interesting, or one you would like to know more about, please contact me or someone on the phone list on the back of this newsletter. If you have questions, comments, concerns again please contact me. We want this club to serve your needs for the outdoor sports, but we cannot do that without feedback. Take a few hours and attend a meeting, event, or shooting activity. You possess a valuable and very cost effective membership if you decide to utilize the club, and all it has to offer.
Talk to you all soon,

Dr. Chad A. Sharkey D.C.
President-BCSC

CHAIRMAN NEEDED FOR YOUTH SHOTGUN LEAGUE. Please contact Manny Stoes, 269 429 4449

or Manoli35@comcast.net. *Manny Stoes*

ARCHERY

Youth archery has started off with a bullseye. Attendance has been 20-25 in each of the first three weeks and after the article came out about the program in the Herald Palladium, attendance shot up to 35 this week. Some of the parents and grandparents that bring the youth have also shown interest in learning or simply want to get back into archery. That is good news for the club because they are potential new members.

The Compton's contract for 2008 was given to the Compton's' board this weekend for approval. Everyone that I spoke to from Compton's is very excited about this years' event. In a time where all of the other shoots across the nation are experiencing a decline in attendance, we are looking for another increase. The only concern that they have is that it is NOT on Fathers' Day weekend this year and that may confuse some of the attendees because it has been on Fathers' Day weekend for the past several years. Many of you have probably heard rumors about moving this shoot to the West or Southeast but Compton's has assured me that this is not true. As long as we continue to keep it affordable for the attendees

and show them the hospitality that they deserve, as we always do, they plan to stay right here. We all need to remember that they are our customers and that the customer is always right. Our success depends upon each of us treating them like family. As Marv Cochran put it in an article in Traditional Bowhunter magazine, he has to travel for 12-14 hours to get here but when he arrives he feels like he is at home.

Larry Janke

MUCC

The Proposed Cougar Awareness Resolution PASSED unanimously at the District 4 MUCC meeting held at the Berrien County Sportsman's Club Sunday, January 13th and is now on its way to the Regional meeting!

This is an important first milestone in getting Michigan United Conservation Clubs actively involved in a public cougar safety awareness education campaign. We here in Michigan do not want to experience the problems that have plagued California, Colorado, and Vancouver Island! Only through a concerted effort to inform the outdoor public of the potential for risk to their safety can we mitigate the human / animal conflicts inevitable in an ever shrinking wildlife habitat and exploding human encroachment into heretofore wilderness areas.

I trust this first step will be the beginning of a permanent cougar awareness education campaign on the part of Michigan United Conservation Clubs.

John Castle

Certified Wildlife Control Operator (MDNR #RC575),
Castle Wildlife Damage Solutions
District 4 Representative, MUCC

IDPA

Things are shaping up for the upcoming season. We are making some minor changes from last season, including the dates we hold our matches. Matches will be held on the second Saturday of the month from April through October. Registration begins at 8:00 a.m. and the match starts at 9:00 a.m. Match fees are \$10. I would like to thank Dick Moeckel, Jason Grimm, and Al

Foster for moving things around on our club calendar so that we can hold our matches on dates that do not conflict with IDPA matches at other local clubs.

Speaking of which...I am looking for shooters that are interested in shooting IDPA at the other clubs as well as ours. In seasons past, shooters from other clubs have supported our IDPA program by shooting matches hosted by our club. If we expect this tradition to continue...then we must support our fellow clubs. For those interested, there is an IDPA match almost every weekend throughout the season. I will be posting upcoming local IDPA match info in future newsletter articles.

Additionally, I am working on a web site to provide this and other IDPA info. Look for it on our club's web site.

Kevin Pounders

REMINDERS

Membership renewals are due by February 15, to avoid late fees.

February 23, is a class for anyone wanting to become a **Range Safety Officer**. Cost is \$25.00. Hours 8 a.m. to 5 p.m. Call Marty Prillwitz at 269-463-3472

Monthly safety orientations continue each first Monday of the month at 7:00 p.m. Instructors for the next five months are:

- Feb. 4 Jim Harner
- Mar. 3 Karen & Gary Brumbelow
- Apr. 7 Jason Grimm
- May 5 Jim & Sheryl Hausmann
- June 2 Buzz Sherwood
- July 9 (due to holiday weekend)

You must attend a class in order to receive a pass card for the gate to the rifle and pistol ranges.

MARK YOUR PLANNERS

May 17 – Sunset Coast Regional NRA Action Pistol Championship. Cost is \$58.00 for non members and \$33 for BCSC members.

May 18 – Apple Blossom Cup Michigan State Action Pistol Championship. Cost is \$56.00 for non members and \$31.00 for BCSC members. Call Marty Prillwitz at 269-463-3472. Check out the front page of www.bcsportsmansclub.com

2008 Fishing Badges

The 2008 Fishing Badges are now available for club members. The spring steelhead fishing season will be here soon. Please be sure to display this year's badge when you fish along the shoreline across from the Club's trout rearing pond. You may obtain a 2008 fishing badge by presenting your current club membership card and a second piece of identification to our caretaker, Frank Halik. Each badge has a number to identify its owner. Good luck fishing this year.

Bob Frost

Sweet Heart Dinner Dance – February 9

Bring your Sweetheart (or your Spouse). Begins at 6:30 p.m. Menu will be roast beef, potatoes, salad, veggies and member's appetizers and desserts. Names ending in A-K, please bring a dessert. Names ending L – Z please bring appetizers. To help the committee plan the food, please R.S.V.P. to gay.story@sbcglobal.net Don't forget your dancing shoes.

SOUTHWEST MICHIGAN FRIENDS OF THE NRA
DINNER EVENT

On Friday, March 28, 2008 the Southwest Michigan Friends of the NRA will hold its Fifth Annual Dinner Event. This event is a fund-raiser for the NRA Foundation, which uses all funds raised to support shooting sports in the State of Michigan and Nationally.

The evening will start with a social hour at 5:00pm, followed by a prime rib dinner at 6:30pm after which raffles, silent auctions, and a live auction of official NRA furnished items consisting of prints, sculptures, and NRA gun of the year, NRA knife of the year, rifles, optics, and more.

This year's event will be held at the Van Buren Conference Center in Lawrence, Michigan north of exit #52 off I-94.

Dinner tickets are \$25 each. For those that enjoy a deal, packages are also available such as the "Big Shooter" Package for \$100, which includes one dinner ticket and \$160 worth of general raffle tickets, "Big Sportsmen's" Package for \$150, which includes 2 dinner tickets, and \$220 worth of general raffle tickets and the "Second Amendment Table" Package for \$1000, which includes 8 dinner tickets, \$180 worth of general raffle tickets per person, and one long gun per table. The packages will give you the biggest bang for your buck and more opportunities to participate in the raffles.

Tickets must be ordered in advance to allow an accurate count for the dinner to be served; this can be done by contacting the committee members and paying with either a credit card or check. All tickets and packages will be waiting at the door. Seating for the event is limited so please call at your earliest convenience.

All net proceeds from this event go to support the shooting sports, recreational shooting, and our American tradition of lawful firearm ownership. To reserve a ticket call John Andradi 269-925-0911, Greg Anderson 269-353-4867, Bill LeBeau 269-468-6102 or Dave Wiatrowski 269-207-7277.

See the 2008 Friends Of NRA Merchandise Package.
<http://www.friendsofnra.org/National.aspx?cid=150>

Dear Editor,

I just moved back to northern Michigan and I noticed your sportsman's club newsletter online. Very nice. Good job.

Through my many decades of fishing, hunting, working with dogs, shooting, and gun collecting, I'm a general out of doors type of guy. I have, over the years, and still receive questions from sportsmen around the country seeking my expertise. I am emailing you some of the more interesting questions and my answers for your consideration to use in your fine BCSC newsletter. I will be most honored if you can use any of them.

Sam Answers

Dear Sam,

I have trouble with my worms freezing in the container while ice fishing. Do you have any suggestion?
Herb, Boyne City, MI

Dear Herb,

I understand completely. The best solution I have ever seen is by my fishing buddy's nephew. This young twelve-year-old solved the problem by keeping his worms between his cheek and gum. Yes, it is difficult to understand him when he talked—but the worms were kept warm and very active. Try it. Just don't chew tobacco while keeping the worms warm.

Sam

Dear Sam,

While ice fishing I have spent hours staring down into the water with no results. How can I come home with some fish?

Vinny

Dear Vinny,

I have a suggestion that I got from a friend of mine from Lake Woebegone, MN. a long time ago. On your next ice fishing excursion, go into the wife's pantry and take a 7 oz. Can of DelMonte canned peas, a can opener and a small hickory/oak stick with you out on the ice. After a respectable time, if the fish are not cooperating, then open that can of peas and place one pea every 4 inches around the edge of the hole. When a fish comes up to take a pea, simply hit it with your stick.

Sam

Email me at: a.sam99@yahoo.com
I'll try to answer your outdoor life questions.

Issue 3

Mid-March – April 2008

PRESIDENT'S COLUMN

Hello Everyone,

It finally looks like Spring is around the corner. As many of you know, when the warmer weather gets here, our club really gets hopping! I have 6 topics I would like to bring up to the membership:

1. **New gate and card system on ranges.** If you haven't been to the club in the last few months, and didn't see it in the newsletter before, we have a new electronic gate that uses a scan card and reader in order to gain entrance to our firearms ranges. If you would like to have access to the ranges, please attend a range safety briefing scheduled on the calendar. You will also have to pay a \$5 fee for the card. A card will only be issued to members that attend the range safety class, so if you and your spouse utilize our ranges, and both want a card, you both need to attend and pay for a card. If you have attended a class and paid your money, you should have your card or be getting it very shortly. As you can imagine, it is a long process to convert our entire membership over to this new system, but it will pay off in the long run.
2. **Youth Executive Board.** This will be our last announcement for this topic. If any children ages 12-17 are interested in participating, please email me or send me a letter and the position in which you are interested. This board will run for one year, and hopefully be an ongoing board at our club. It is imperative that all the youth that enjoys the outdoors, and feels it is important to keep the outdoor heritage get involved. The executive board will appoint positions at the April 14th meeting. Please have all letters into me by Weds. April 9th.
3. **Scholarship.** Applications for the BCSC scholarship can be picked up at my office or we can mail one to you, as long as you contact me. The deadline for the application is going to be June 1st, 2008. This scholarship is for students entering college in the fall of 2008, and their parents or grandparents have to be members. Also, the student has to be in a course of study that relates to the outdoors, conservation, etc. Students are encouraged to submit an application, as this scholarship will be given to someone. It is a 4 year scholarship for the amount of \$250.00 a year.
4. **Youth programs.** We are in need of some volunteers to assist in our youth programs. Our club has a long history of promoting the youth in the shooting sports. Unfortunately, we are starting to not have enough volunteers to run these programs. Our club is going to be forced to cancel some of these programs, if we do

not have some new volunteers step forward. Youth **rifle and shotgun** are the two primary programs that will cease, if help isn't found. Please contact me or any executive board members listed on back page of newsletter if you may be able to help.

5. **Boat Ramp Rehab.** There has been some discussion through the membership that people would like the boat ramp fixed and made more usable. Well we agree, and are looking for some people who are interested and willing to take on the task of designing, and working with the different state departments to acquire the permits to do such a project. This is a long project that will require a lot of time, effort, and patience.
6. **PR chair.** As many of you may already know, Karen Brumbelow has decided to step down as our PR chair. If you are someone that enjoys making things run, and have some free time on your hands to promote our club, talk to the media, and help make our programs successful, please contact me to discuss this opening...Thank you Karen for all your hard work!

See you at our Club,

Dr. Chad A. Sharkey D.C.

ARCHERY

By the time you receive this newsletter the Winter leagues will have ended. It was an interesting year with a full Compound League and nearly full Traditional League. The best part was that Club member participation was at an all time high. Thanks to all of those who braved the bad weather for a few weeks especially on Tuesday nights to participate. Now we look forward to outdoor shoots beginning on April 12th. This year we are adding a bonus incentive to increase attendance and use of the outdoor course. Each time you shoot the course, whether it is on the monthly shoot schedule or during the week at your leisure, you will be entered into a drawing for one of three top prizes to be given away at the end of the season in September. First prize is an Ameristep Intimidator Hunting blind valued at \$279.00. Second prize is a one year Club membership. Third prize is a Thermocell Mosquito Repellant appliance. Remember, the more you play the more chances you have to win.

YOUTH ARCHERY 2008

The Youth Archery Instructional League on ten Sunday afternoons was the biggest and best ever with over 250 youth participating. Thanks to all of the Mom's and Dad's and Grandma's and Grandpa's for bringing the youth out to the club and especially to Dan and Bev Jennings and Rick Shunkwiler for donating their time to provide excellent instruction for the youth. Remember that we always welcome you to bring the

youth to any of the outdoor shoots for more instruction and especially to the Comptons shoot on June 21st. Hope to see you again next year too.

COMPTONS 2008 June 20-22, 2008

Things are beginning to take shape for a great event this year. I have already received several reservations for the Saturday Night Hog Roast from as far away as Ireland. It really is no longer a hog roast because this year we are changing the menu to have NY strip steaks, baked potatoes, cole slaw, pasta salad and rolls. We are limiting this to 400 meals this year and the cost is \$9.00 for club members and \$10.00 for all others. Get your reservations in to me soon at LLJANKE@COMCAST.NET before all the tickets are gone. We are also adding several new features to this year's event. First are canoe rides up the river in a 34' Voyageur canoe. Second is another shower unit for the camp-ground that was graciously donated by Willie of Industrial Sanitation. Last but not least, we will have 3 new air conditioned Crowd Pleaser portable rest-room units to replace most of the porta-jon units that we have had in the past. As you can see, we have a lot going on this year so please volunteer early to get your pick of jobs and remember that these people are our GUESTS and for our continued success in future years PLEASE show them how much that we appreciate

them coming to make this event the largest and best traditional shoot in the country.

Guess who? A member got so mad at a computer that he took it outdoors and shot it!

WELCOME NEW MEMBERS

John and Helga Maier	St. Joseph
Kyle D. Meyers	St. Joseph
Greg and Jennifer Smith	St. Joseph
Mike and Shelley Smith	Bridgman
Michael and Eileen Turk	St. Joseph
Richard Milliken	Berrien Springs

Membership Meeting Raffles

March Fishing

April Bass Pro Shop Certificate

May Hiking/Nature walking

June Sight Seeing

July Wild game preservation package

Come out on Wednesday membership meetings for socialization, potluck, club information, and prizes.

The renewal forms for 2008 membership asked if you wanted a newsletter mailed to you. If you did not circle the **Y**, then as of this issue, you must read the newsletter on the website. I will send you a notice when it is posted if you send me your correct email address. Send to sdmoeckel@comcast.net Otherwise, please check early each month. It is usually posted by the first.

LET'S CLARIFY THE GATE CARDS

There are three criteria to get your gate card:

- Take the new range safety orientation since Nov. 2007
- Pay \$5/card/adult over 18 yrs.
- If you need 2 cards/family, both need to take the safety orientation.

TRAINING

We continue to have a very successful Concealed Carry Program. The February class was a few short of enough but the March class is a go.

Congratulations need to go out to Marty Prillwitz. After several months of procrastination, in December the NRA finally awarded Marty the position of Senior Training Counselor. He went up for the Senior Level when many of us were going for our Training Counselor position, last August. Many of us who deal with the NRA training department understand the frustration, but it finally came through.

Thanks to Marty Prillwitz, Neal Hays and Karen Brumbelow for helping with the instruction of our Basic Pistol Class. We had 10 students, 9 of which had never shot a pistol before. There were 7 women and 3 men in the class, including 1 junior lady and one junior man. Also, thanks to Sheryl and Jim Hausmann, Manny Stoes and Jason Grimm for helping in the range. Everyone had a good time.

Marty Prillwitz put on a successful Range Safety Officer Class on February 23. There were 9 students in the class including 1 apprentice. They are: Jack Teuteberg, John H. Smith, Gerhardt J. Gunther, Jeremy J. Gunther, Joe E. Leaseburg, Greg R. Smith, Paul Prillwitz, Jeff J. Anderson, Kevin D. Pounders. All are members of the club so please welcome the new RSOs and mentor their efforts when they come to the ranges. Instructors for the event were Paul Adam, Bryan Dixon, Karen Brumbelow, Gary Brumbelow and Marty Prillwitz.

Gary Brumbelow
Training Chairperson

At this time of year, have you noticed if you write "the" and "IRS" that it spells T H E I R S.

The Second Annual **New Troy Sportsmen's Show** and **National Wild Turkey Federation Seminar** is March 22nd. at the New Troy Community Center (old school). IDPA

The next time you hear from me, I'll be writing to tell you how our first IDPA match of the season went. That's right...our first match of the season is just around the corner on Saturday, April 12th. Hopefully, weather and range conditions will cooperate for our first match. The range will be closed at 7:00 p.m. the Friday before the match for setup. Sorry for the inconvenience.

The BCSC IDPA web site is up and running! This site has information on IDPA, our match schedule, other matches in the area, and info specific to the first-time shooter. Once the season begins, this is where you'll find match results and (hopefully) photos and video of our matches. You can get to this site by clicking "International Defensive Pistol Association at BCSC" on our main web site at www.bcspostmansclub.com. Check it out...there's a lot of good info there.

Kevin Pounders

5/10 Berrien County Sportsman's Club

They walk among us. My sister has a lifesaving tool in her car designed to cut through a seat belt if she gets trapped. She keeps it in her truck.

I walked into a Micky D's with a buy-one-get-one free coupon. I handed it to the girl and she looked over at a little chalkboard that said, "buy one get one free: so she said," I guess they are both free" and she handed me my two free sandwiches. **And they vote too!**

Several folks around the state have written to me at a.sam99@yahoo.com

I'll share a couple of them with you this month.

Sam

Dear Sam,

Can you explain the phenomenon of *smelt*?

Earl
Tecumseh, MI

Dear Earl, I'll try. What a timely question. When I lived in northeast Michigan many years ago this smelt phenomenon always seemed to happen around the mid April thaw. After sitting around all winter with the same pair of long johns on, many cans of beans and very little bathing, the wife would become very upset. "Get outside, take off those dirty, disgusting long underwear and bury them" she would rail because they smelt.

Well, the ground is still frozen and you can't bury them too deep and the darn dog just digs them back up.

So, my next door neighbor at the time, Ol'Clyde, skinned out of his second skin, took them to a nearby creek and weighted them down with big rocks so they wouldn't float away and also wash some of the smelt out of them. Well it seemed to clean them up abit but killed those tiny fish that swam up the creek from the big lake that time of year. Hope this explanation helps.

Dear Sam,

Please explain, "tongue oil" and when best applied.

Bob

Dear Bob,

Tongue oil has been a staple at hunting camps for years. Plenty of stories are told. Some hunters talk more than others. Now "tongue oil" is the generic

name, better known brand names are: Jack Daniels, Seagrams, VO, Crown Royal. Get the picture?

Sam

THE NEW BCSC RECIPE BOOK HAS BEEN ON HOLD SINCE THE 2007 HOLIDAY SEASON BUT IF YOU WISH TO CONTRIBUTE A RECIPE (MAYBE ONE YOU'VE RECENTLY TRIED) PLEASE SEND IT TO TONJA WALKER AT Tonjawal78@aol.com

Baseball season is upon us and this club needs some base hits and a few homeruns. If you read the president's plea and passed over it thinking, "not me, I'm too busy" Or "someone will volunteer to do that".

You are WRONG!

Hit to first base – somebody or a couple to do the public relations and the occasional job of putting event fliers on the web page.

Hit to second base – A person who wants to see Youth learn shotgun and rifle shooting. The archery folks are going like gang busters but what will happen to the long gun programs if no one believes he/she can do this?

Hurry to third base – Get a work crew together under one volunteer crew leader, and fix the boat ramp. A big project but many members joins precisely for fishing on the St. Joseph River.

Do I see some runs coming in? Who's up to bat?

The editor
